

February 23 – 25, 2010 – Austin Convention Center – Austin, TX

Monday, February 22, 2010	Pre-Conference Workshops 8:00 AM – 5:00 PM	Workshop #101 Capital Investment Analysis for Renewable Energy Projects Room 13A		Workshop #102 Fast Track to the U.S. Solar Industry Room 14		Workshop #103 Global Perspective of Massive Integration of Renewable Energy Generation: Drivers, Objectives, Financing and Technology/Technical and Business Challenges Room 11B		Workshop #104 How Industry Restructuring has Led Texas to U.S. Renewable Energy Leadership Room 13B		
	8:30 AM – 12:00 PM	Green Building Technical Walking Tour		1:00 – 4:30 PM	ERCOT Control Room		1:30 – 3:30 PM	PHEVs and Smart Grid at Austin Energy		
Tuesday, February 23, 2010	Pre-Conference Workshops 8:00 AM – 12:00 PM	Workshop #204 Fast Tracking Renewable Energy Projects on Federal Lands: An Environmental Compliance and Planning Guide Room 13A			8:00 AM – 3:00 PM		Workshop #205 Renewable Energy Potential and Trends Room 14			
	Technical Tours 8:30 AM – 12:00 PM	Green Building Technical Walking Tour			9:30 AM – 12:00 PM		LCRA Tom Miller Dam			
	3:00 PM – 5:00 PM	KEYNOTE SESSION Ballroom E-F-G, Level 4 Austin Convention Center	Commissioner Jon Wellinghoff Federal Energy Regulatory Commission	Mr. Roger Duncan General Manager Austin Energy	Mr. Barry Smitherman Chairman Texas Public Utilities Commission	Mr. Martin Gross Head of Power Systems North America ABB Inc.	Excellence in Renewable Energy Awards			
	5:00 PM – 7:00 PM	Exhibit Hall Opening Reception								
Wednesday, February 24, 2010	7:30 AM - 9:00 AM	Networking Breakfast – Room: Room 12B, Level 4, Austin Convention Center								
	9:00 AM – 6:30 PM	Exhibit Hall Open								
	MULTI-TRACK CONFERENCE SESSIONS	Biomass Room 17A	Geothermal Room 19A	Hydro Room 17B	Policy, Market & Finance I Room 18C	Policy Market & Finance II Room 18D	Solar Room 18B	Utility Integration Room 19B	Wind Power Room 18A	
	9:30 AM – 11:30 AM	Biopower Applications	Geothermal Technologies and Applications	Hydro's Future – 700,000 New Jobs – Panel Discussion	National Transition to Solar Hot Water Heating – Panel Discussion	Renewable Energy Financing	Taking PV to the Next Level: Case Studies and Applications	How Smart Grid Enables Distributed Generation Using Renewables	Growing Wind – Trends, Markets and Policies	
	11:30 AM – 1:30 PM	Conference Attendee Lunch in Exhibit Hall								
	1:30 PM – 3:30 PM	Biopower Innovations and Feedstocks – Panel Discussion	Geothermal Resource Development and Investment – Panel Discussion	Opportunities for Pumped Hydro Storage: Supporting Renewable Energy Goals – Panel Discussion	Regulatory and Financial Incentives: Opportunities & Challenges	Financing Renewable Energy: After the Stimulus – Panel Discussion	Solar Energy Market Trends	Moving Renewable Energy to Market: Utility Transmission and Integration Issues	Best Practices for Accelerated Wind Development – Panel Discussion	
4:30 PM – 6:30 PM	Austin Reception									
Thursday, February 25, 2010	9:00 AM – 3:00 PM	Exhibit Hall Open								
	8:00 AM – 9:30 AM	Elements of Biopower Success – Panel Discussion	Geothermal Markets, Trends and Policies – Panel Discussion	Big News for Small Hydro – Panel Discussion	The Air Force Renewable Energy Opportunity – Enhanced Use Leasing – Panel Discussion	Federal and State Policy – Moving Renewables Ahead – Panel Discussion	CSP Near Term Solutions	Case Studies in Energy Storage	Wind Technology Today – Panel Discussion	
	10:30 AM – 12:00 PM	Post-Stimulus Policy and Finance – Panel Discussion Room 18C				The Transmission Imperative – Panel Discussion Room 18B				
	12:00 PM – 2:00 PM	Conference Attendee Lunch in Exhibit Hall
